

TABLE TOP FRUIT PRESS

Please ensure that you have received all the items listed below:

- Pressing Frame (1)
- T-Screw rod with handles (1)
- Pressing Plate (1)
- Basket (1)

Before Using

- Lightly apply Food Grade Lubricant to the T-Screw hole (Vaseline or similar).

- Sanitize unit prior to use it.
- Hard and large fruit (Apples, Pears, or similar) should be crushed or broken down by hand prior to press them.

Important Precautions

1. Keep unit away from children.
2. Do not immerse unit in water.
3. Never dismantle unit.

Maintenance

1. Thoroughly wash Press when finished using
2. Store Press indoors in a dry place if possible (never store/dry unit under direct sun).
3. From time to time hand-tighten the basket screws.
4. When needed, lightly apply Food Grade Lubricant to the T-Screw hole (Vaseline or similar).
