## GRAVITY BOTTLE FILLER

To use our gravity bottle filler, follow the steps mention below:

1. Insert bottle filler in siphon hose (5/16ID x 7/16 OD) for the 3/8" and (7/16IDx 9/16 OD) for the 1/2".
2. Apply suction at bottle filler until hose is full.
3. Lower bottle filler tip below the liquid level in your primary fermentor or carboy.
4. To fill, allow bottle filler valve to rest on bottom of bottle.
5. To stop filling, simply lift bottle filler, and fill the next bottle.

ALWAYS:

**Sanitize/rinse before and after use.**
